A 2 DAY WORKSHOP ON
**CONSTRUCTION
PROJECTS
IN SABAH**

- FOCUS ON RISKS AND INSURANCE

**27 - 28 FEBRUARY 2019, HORIZON HOTEL,
KOTA KINABALU, SABAH**

THE MALAYSIAN INSURANCE INSTITUTE (MII)

Founded in 1968 as a non-profit organisation, The Malaysian Insurance Institute (MII) is the leading professional body and education institution for the Malaysian insurance industry. MII provides internationally recognised qualifications in insurance, risk management and financial planning. It is highly respected as a regional centre that offers an extensive range of quality education programmes and training courses for professionals in the insurance and financial services industry. MII commitment to providing relevant, high quality professional qualifications and training offerings is underpinned by its role in partnering the industry and its members in the pursuit of professional excellence and business success.

WORKSHOP OVERVIEW:

There are various on-going planning and implementation of challenging building and infrastructure projects in Sabah. Sabah is the second biggest and most northern located state of Malaysia.

Projects in the pipe-line are not only limited to new buildings, mixed development projects and road schemes. There are also drainage and flood mitigation projects being implemented in the state. The Pan Borneo Highway construction is currently ongoing while there are other ongoing development in the state. The highway project is more than 700km within the state with various technical and engineering challenges ahead.

The objective of this two-day workshop is to bring together insurance personnel and engineering experts to discuss and explore risk, project insurance and technical angles relating to such development. Consideration for geotechnical work, type of material used and supporting specialists/ consultants for project development are points that often become Underwriters concern. The speakers have been identified to make this an effective learning forum plus good ground for networking.

A site visit to an ongoing project is also planned to make the course more meaningful for the participants.

LEARNING OUTCOMES:

At the end of this programme, participants would be able to:

- Learn more about the upcoming projects in Sabah and in the Borneo region
- Understand some technical features that are relevant with such projects
- Identify key issues and challenges of such projects
- Appreciate the various insurance coverage and claims issues relating to the CAR Policy
- Highlight policy clauses and endorsements relating to construction policy coverage.

TARGET AUDIENCE

Insurance Practitioners –

- Claims
- Marketing
- Brokers
- Agents and Loss Adjusters.

Engineers from Construction industry, Consultants
, Contractors and Developers in Sabah
(mainly from Sabah, Sarawak and Brunei)

A 2 Day Workshop on Construction Projects
in Sabah - Focus on Risks and Insurance

■ **PROGRAMME LEADER:** IR. POOBA MAHALINGAM,
DIRECTOR - TRAINING AND BUSINESS DEVELOPMENT,
TALENT ASIA TRAINING AND CONSULTING, SINGAPORE

Ir Pooba Mahalingam is a professional engineer with 25 over years of work experience in construction, insurance and loss adjusting. He specializes mainly in construction, engineering and property insurance and risk management work. He was previously attached to an international claims management company in Singapore and led its construction, power and engineering team.

Earlier in his career, Pooba was involved in the design management of various projects in Malaysia when he was attached to a consulting engineering firm in the 90s. Subsequently, he gained extensive experience in dealing with mega projects – risk management and claims handling. This included mega projects such as Kuala Lumpur International Airport (KLIA), LRT 1 & 2, Kuala Lumpur City Center (KLCC) and KL Tower.

Pooba also gained further engineering risk exposure when he handled building project assignments in Indonesia, Myanmar, Brunei and Vietnam. He was the President of the Insurance Law Association of Singapore (ILAS), as well as an active training facilitator with the Australasian Institute of Chartered Loss Adjusters (AICLA). Pooba will lead the program and use his experience and expertise to share his knowledge during the session together with the guest speakers.

Pooba provides risk survey and general insurance training services to the region under his company *Talent Asia Training and Consulting* based in Singapore.

■ **GUEST SPEAKER:** IR. KU KOK HOU,
SENIOR ENGINEER, DHI WATER & ENVIRONMENT (M) SDN BHD

Ir. Ku Kok Hou is a Civil and Environmental Engineer with 14 years of experience in the field of water resources management works, flood assessment and mitigation studies, catchment hydrology and hydraulics assessment, water quality and sedimentation studies and hydroinformatic works. He has participated in extensive consulting projects and studies across Asia-Pacific countries (Malaysia, Singapore, Brunei Darussalam and Australia).

Projects or studies he has been directly involved includes the development of catchment management plans to assist the authorities in managing catchment management issues, development of drainage masterplan, flood assessment and mitigation works, flood mapping, water availability study, flood forecasting, river sand mining planning and control. Ir. Ku is currently the Senior Engineer at Water Resources Department for DHI Malaysia and is responsible for the delivery of DHI's portfolio of projects in the water resources sector.

■ **GUEST SPEAKER:** MR. ARTHUR KONG,
SENIOR FORENSIC CONSULTANT, APPROVED GROUP INTERNATIONAL

Arthur Kong has served the local and international insurance industry for the past ten (10) years as a dedicated independent Senior Forensic Consultant.

He was involved in the investigation of causes of various large commercial losses involving fires, explosions, machinery failures, vehicle collision reconstruction, failure analysis and other nature of incidents. Mr Kong has been involved in a few railway with construction related accidents/incidents investigation during his course of employment with Approved Group International.
