INSURANCE INSTITUTE

# ABOUT THE PROGRAMME

The Associateship of The Malaysian Insurance Institute (AMII) is an exclusive professional qualification programme tailored to the needs of the insurance business and industry. This qualification is seen as a requirement for leadership positions within the insurance industry and is the only accredited professional programme for insurance in Malaysia and the Asian region. AMII is accredited by Finance Accreditation Agency (FAA) and recognised by Chartered Insurance Institute (CII), UK.

The programme constitutes enhanced syllabus of local contents and practices, as well as assessments that consist of coursework, case studies and final examination that tests the application of both academic and on-the-job experiences. To promote a standard of reference in the context of the Malaysian insurance industry, MII has published a total of 30 textbooks (tailored to both General Insurance & Life Insurance) that are used during the course of the AMII programme.

The AMII post-nominal designation is valued as a national standard in insurance professional benchmark, appropriate as the insurance industry's advanced professional qualification, which gives its holder the credibility as a knowledgeable, competent, skilled and experienced professional.

Graduates of the AMII will obtain comprehensive understanding of insurance and reinsurance management principles that are essential to every senior executive's scope of responsibilities.

The AMII post-nominal designation is valued as an international standard of excellence for insurance professionals and recognized as the insurance industry's advanced professional qualification by international institutes such as the Chartered Insurance Institute (CII) and the Australian and New Zealand Institute of Insurance and Finance (ANZIIF).

# STUDENT EXPERIENCE

Hear what our students have to say about their experience at MII

“ I joined the insurance Industry with very minimal knowledge and that made me start the quest for a structured learning programme which covers the industry supply chain. The search led to AMII - a program that enables, upon completion, understanding of every important aspect of the industry. AMII incorporated flexibility, which allows choosing electives that suits individual needs. AMII exposes individuals to common terminologies and understanding that helps to connect various stakeholders. AMII has provided the required solid foundation.

**Lee Chin Hon**

“ I am glad that I decided to do the AMII Professional Program with MII as it has given me renewed enthusiasm towards my career. This program plays an important role for me to build professional path of my career ladder in my organisation and the Insurance industry. Syllabuses are well levelled and simplified for better understanding and is in accordance with the practice of insurance guidelines. Thank you to the MII management and the lecturers for having this program and administering it very well.

**Anitha Nadesan**

“ Having had the chance to study and experience what MII has to offer was a remarkable opportunity. Completing AMII with MII has been an astounding journey. The compassion shown from faculty of MII were heart-warming. The lecturers of MII were undoubtedly the most experienced and knowledgeable teachers I have met. MII's dedication to provide its students with knowledge and experience and the ultra-modern methods used to facilitate students with the best learning experience was profound. AMII course is designed to accommodate for fresh out of school students as well as field experienced individuals or anyone who is interested to choose Insurance as a carrier path.

**Mariyam Nazra – International Student, Maldives**

“ I completed my AMII programme back in the year 2012, during this Programme, one of the most important thing that I have had experienced was that the Lecturers who were training us were having Immense experience and knowledge in Insurance and particularly on the subject modules. In addition to that the Facilities available in the training rooms and International student lounge were exceptional. After completion of AMII programme I got chance to work in different Insurance Technical areas in Allied Insurance Company such as Claims, Underwriting and Reinsurance department and the Knowledge that I had acquired and Insurance theories that I learnt from AMII programme helped me to make important work decisions. Furthermore, it also aided me in my everyday work life in all the different technical areas that I have had worked. Moreover, AMII Programme includes different significant Insurance modules which benefitted me during challenges at work. Therefore, I find this programme as a Game changer and I would recommend this programme.
