CONGRATULATORY MESSAGE

Congratulations on reaching this important milestone in your professional development!

On behalf of Malaysian Insurance Institute (MII), congratulations on completing your professional qualification and certification programmes here with us! A momentous occasion, today marks the beginning of a new chapter in your career in a field that plays a vital role in protecting individuals, businesses, and communities.

As insurance professionals, you have the opportunity to make a positive impact in the world by helping mitigate risks and ensuring individuals and organisations are able to recover from unexpected events. The skills and knowledge acquired through the qualifications you achieved will enhance your ability to contribute to the performance and development of the insurance industry.

Major developments such as increased risks due to climate change, geo-political conflicts, and infectious diseases, as well as the emergence of new technologies are shaping markets and economies across the globe. In the insurance industry, we continue to witness the proliferation of financial products and services in tandem with the rapidly changing needs of consumers and the economy.

Insurance professionals are expected to play an important role in this increasing complex environment to meet those needs. Our industry is expected to raise service standards, be more productive and innovative. In addition to constantly acquiring new knowledge and skills, the need to observe ethical practices and professional conduct are equally vital to instill public confidence in this industry.

As the education institution set up by the industry for the industry, MII will continue to advocate investing in industry professionals to create a pool of high-caliber professionals with the relevant skills and competencies that can deliver meaningful insurance products and services, adopt global best practices, and build public trust and confidence to take the industry forward. There are still many Malaysians out there who have poor knowledge of insurance and are very exposed to the increasing risks that are affecting us. As an under-insured nation, our growth as a nation will be affected if this is not addressed quickly.

Therefore, I urge you to rise to the challenge by building on your achievements today to continuously improving your skills and knowledge to adapt to the constantly changing environment and to contribute to the growth and development of the insurance industry.

Congratulations again on your graduation, and I wish you the best of luck in all of your future endeavours!

Antony Lee
Chairman of Malaysian Insurance Institute (MII)
Chairman of General Insurance Association of Malaysia (PIAM)

CONGRATULATORY MESSAGE

Dear Graduates,

On behalf of the Life Insurance Association of Malaysia LIAM, I would like to extend my warmest congratulations to everyone on this special day. You have worked hard to reach this point in your career, and we are proud to see you crossing the finish line.

As you embark on the next chapter of your professional journey, remember that the insurance industry is built on trust and integrity. We are all responsible for protecting the financial futures of businesses and families that we serve, and it is a responsibility that should never be taken lightly.

For such a heavy responsibility, you must continue to invest in yourself to remain steadfast in your role. The ability to successfully manage and navigate through changes and transformation is among the most critical skills needed for the self-fulfilment and organizational prosperity. Deep appreciation of the connection between technology and talent as opportunities to transform our organizations may only be achievable by elevating the workforce's skillset, diversifying their exposure, and improving their agility and engagement.

In addition, as organizations embrace digitalization, leaders and industry professionals such as yourselves need to adopt a new mindset that focuses on agility and growth. Organizations need to build capabilities for the workforce of the future to ensure that the business remains relevant and in sync with the changing demands of markets and consumers. This will safeguard the sustainability of the trade and the industry.

Time and time again we are reminded of the countless ways that the insurance industry is a force for good. Armed with your newly earned qualifications and skills, you will be better positioned to make a real difference in people's lives and to help them navigate the complexities of the world we live in.

I wish you all the best in your future endeavours, and I look forward to seeing all the great things you will accomplish.

Sincerely,

Loh Guat Lan
President of Life Insurance Association of Malaysia (LIAM)

We wish you all the best as you embark in your future endeavours.
